BCA(Bachelors's in Computer Application)

76.42%

Achievements

Excellent Performer Award 2023 (Aeronfly)

Languages Skills

C, C++ , HTML , CSS , PHP , JavaScript , Laravel , ReactJS , Bootstrap , SQL

Projects

Web Developer

-With a solid background in API integration, I possess 2 years of experience in seamlessly integrating various APIs, including Instantpay, Juspay, Quicksilver, Mobikwik, PayU, and more.

-I have successfully developed three responsive and user-friendly websites for the company, leveraging my skills in HTML, CSS, JavaScript, Bootstrap, and PHP.

-As part of my responsibilities, I have led the development of five dynamic dashboards for the company. This involved utilizing a wide range of technologies, such as HTML, CSS, JavaScript, Bootstrap, PHP, Laravel, and ReactJS, to handle both frontend and backend tasks effectively.

-Additionally, I've gained valuable experience working with Wati, enabling me to provide top-notch user services via WhatsApp. My expertise includes API integration, webhook management, and designing flow charts to optimize the process.

-Through my contributions, I have successfully boosted sales by an impressive 40%, elevating the overall user experience to new heights.
